Welcome

I AM PLEASED AND HONOURED to invite you to the 14th UICC Reach to Recovery International Breast Cancer Support Conference to be held in Stockholm 2007.

Guided by the theme “Uniting in Recovery” the conference will focus on increased chances for survival, cure and care. We will have the chance to get valuable information and discuss all new developments concerning breast cancer. Together we will actively contribute in the success of this conference to promote awareness, early detection and best practice in breast cancer treatment.

“Bridge to Recovery” was our invitation to the 9th Reach to Recovery International Conference in Stockholm 1996. Now we would like to continue together “Uniting in Recovery”.

I invite members and friends of Reach to Recovery all over the world to attend the Stockholm 2007 Conference.

On behalf of the Organising Committee within the Swedish Breast Cancer Association and the Swedish Cancer Society
I welcome you to Stockholm in May 2007!

Ms Ingrid Kössler
Conference Chair

IT IS A GREAT PLEASURE TO WELCOME YOU to the 14th Reach to Recovery International Breast Cancer Support Conference in Stockholm, Sweden on behalf of the International Union Against Cancer (UICC).

Thanks to the engagement of reach to recovery volunteers, breast cancer survivors, advocates, family members, health professionals and those who care for and support breast cancer patients, from all corners of the world, we are able to make more of a difference together than we can each on our own.

Under the theme “Uniting in Recovery”, this international conference will provide opportunities to share and exchange experiences from around the world with interesting perspectives from Sweden and the European region.

The wide range of pre-conference workshops, plenary sessions and outstanding speakers will cover advances in peer supportive care, challenges for the family, empowering patients, cultural differences, as well as prevention and early detection.

We express our appreciation to the hosts and organisers, the Swedish Breast Cancer Association (BRO) and The Swedish Cancer Society (Cancerfonden), for their dedication and commitment to making this conference an outstanding event, not to be missed.

We look forward to seeing you in large numbers in Stockholm and to the opportunity of hearing about new developments, innovative approaches and to learning from each other.

Let us unite to make this conference a great experience and an important event.

Ms Isabel Mortara
Executive Director, International Union Against Cancer (UICC)

THE ORGANISING COMMITTEE HAS DILIGENTLY made every effort to ensure that you will have an interesting and informative conference programme. In addition to the many planned sessions, you will also have an opportunity to gain information about improving the quality of life for women with breast cancer.

The theme of this conference is “Uniting in Recovery”. There is an air of excitement about looking back at the historical milestones of Reach to Recovery International and to anticipate greater strides in developing this movement to address increasingly challenging issues faced by women with breast cancer and their loved ones.

The proceedings of this conference will show evidence that a concept established more than half a century ago is still applicable and effective in helping women to cope with life after breast cancer.

Our panel of speakers will share their visions and will challenge and inspire you to join us in this dynamic exchange of ideas and to establish relationships that will help us develop a more efficient programme for tomorrow. Together we can unite in recovery to make life better for women around us.

On behalf of the organising committee of the 14th UICC Reach to Recovery International Breast Cancer Support Conference, I welcome the convening of this conference and I look forward to seeing you in Stockholm in May 2007.

Ms Ranjit Kaur
President, Reach to Recovery International

EACH YEAR AROUND one million two hundred thousand women worldwide are diagnosed with breast cancer. For most women and their families this is a challenging and difficult time. Women will draw on many sources of support in facing this challenge and the support provided by Reach to Recovery will play a unique role in many women’s recovery. For those who are part of the Reach to Recovery movement, providing support to others will also change aspects of their own lives. As they use their experiences to help others they in turn are in many ways transformed by this meeting of hearts, women uniting in recovery.

Hence, “Uniting in Recovery” is a fitting theme for the 14th UICC Reach to Recovery International Breast Cancer Support Conference, a call to all who care about breast cancer and the women and families whose lives are affected by this disease. I warmly invite you to meet with us in Stockholm in 2007, as together we learn, share, advocate and unite in supporting women with breast cancer around the globe.

Reception at Stockholm City Hall

Thursday 31 May, 2007

The reception will take place by courtesy of the city of Stockholm and the County of Stockholm at the Stockholm City Hall, the venue for the Nobel Prize dinner. The reception is held on 31 May, 2007 at 18.00. A buffet dinner will be served followed by a guided tour of the building.

From any part of Stockholm that lies south of lake Mälaren, one building dominates the skyline, the City Hall. A massive square tower rises from one corner of the elegant building which is made of decorated brickwork. The City Hall is the masterwork of the Swedish architect Ragnar Östberg who began to work with it in 1911 and devoted the next 12 years of his life to complete the City Hall. Every room in the City Hall has its own character and originality. The Blue Hall, the largest room in the building, is a manifestation in brickwork, and it’s here that the Nobel Prize banquet takes place every 10th of December.

Please note: The Reception is open to all participants and registered accompanying persons, only if marked on the registration form. There are a limited number of tickets that will be distributed first come, first serve.

Gala Dinner at the Vasa Museum

The Royal warship Vasa sank on her maiden voyage inside Stockholm Harbour, in 1628. After 333 years under-water, she was raised from her watery grave in 1961, and after several years of restoration she has now been moved to her final resting place in the spectacular museum. A guide will give a fascinating account about the Vasa and what life was like onboard a warship in the 17th century.

Dinner will be served right beside the ship.

Please note: The Gala Dinner is open to all participants and registered accompanying persons, only if marked on the registration form.

Sightseeing Tours

Sightseeing Tours for participants and registered accompanying persons. All tours, except the “Under the Bridges of Stockholm” tour will depart from outside Norra Latin. Under the Bridges of Stockholm

Wednesday 30 May, 10.00–12.00

Stockholm is often called the city on the water. If you want to see the whole of Stockholm from the water, you should choose this 2-hour boat trip. The city is built on 14 islands connected by 55 bridges and lies between Lake Mälaren and the Baltic Sea. Our 2-hour boat tour takes you under 15 bridges and through two locks. We will be travelling both on the Baltic Sea and on Lake Mälaren, and will see a number of well-known buildings, including the Old Town with the Royal Palace, the City Hall, and the Vasa Museum, to name just a few. Although the boat never actually leaves central Stockholm, you will be amazed by how many green areas there are in the city.

The tour starts and ends at Strömkajen by the Grand Hotel. approx. 10 minutes on foot from Stockholm’s Central Station. The boat trip has audio guiding through individual headphones offering a variety of languages. This tour is a regular tour open for the public. The tour leaves daily from Strömkajen if you want to make the tour some other day.

Price per person: SEK180, incl VAT (no meals are included in the price)

Art Tour

Thursday 31 May, 13.00–16.30

We will start the tour of Swedish art at Waldemarsudde that originally was the home of Prince Eugen, son of Oscar II (1865–1947). Waldemarsudde became state-owned after the Prince’s death and in accordance with his will, and is now among the most-visited art museums in Sweden. Prince Eugen was one of his generation’s foremost landscape painters and many of his best-known works, including Molnet (the Cloud) and Det gamla slottet (The Old Castle), are part of the collections at Waldemarsudde. The estate is set in beautiful parkland, featuring centuries-old oak trees. Its situation by the inlet to Stockholm harbour presents the visitor with stunning views of the water. The Prince was fond of gardens and the garden at Waldemarsudde, planned by the owner himself, is well worth a visit.

Conference Web Site: www.congresx.se/ri2007

Stockholm 30 May–2 June, 2007 • FINAL ANNOUNCEMENT
The second highlight on the tour is to Millesgården (The Garden of Milles) on Lidingö, the beautiful residential island immediately outside Stockholm city, which was the home of the famous sculptor Carl Milles (1875–1955). The artist’s most important and inspiring works are displayed here. These beautiful garden terraces also afford a magnificent view over the inlet to Stockholm from the Baltic. Like most artists, Milles was a collector. His art collection is unique to Sweden and contains works from ancient Rome and Greece and from European Medieval and Renaissance art. These are also on display at Millesgården.

Price per person: SEK 500, incl VAT (no meals are included in the price)

Drottningholm, Residence Palace of the Royal Family
Friday 1 June, 10.00–15.00

Drottningholm Palace just outside Stockholm was built in the 17th century on the model of Versailles and enjoys beautiful lake side view. The spectacular interiors of the Palace date from the 17th, 18th and 19th centuries, and are a delightful combination of the 18th century rococo and chinoiserie styles. The Palace with its magnificent park is today the residence of the Royal Family.

Next to the Palace is the 200-year old Court Theatre. The original scenery and stage machinery are still working and used for performances during the summer season. The Drottningholm area is a UNESCO World Heritage since 1991.

Price per person: SEK 520, incl VAT (no meals are included in the price)

Old Town Walkabout
Saturday 2 June, 14.00–16.00

The island on which Gamla Stan (the Old Town) is situated, is the original heart of the ancient city of Stockholm, and subsequently the oldest and most historical area. The medieval character remains intact. A walk through the narrow, cobbled streets and alleys, sensing the historical atmosphere and spirit of this fascinating Stockholm island, will give you a clear notion of what life must have been like centuries ago. Throughout the walk, your guide will also relate old stories and legends of the Old Town while showing you the charming small coffee shops; cleverly built into the old cellar vaults, along with the antique shops and art galleries.

Price per person: SEK 300, incl VAT (no meals are included in the price)

About Stockholm

Welcome to one of the most beautiful cities of the world
Welcome to Stockholm, the Royal Capital of Sweden. Discover a city like no other – a city built on 14 islands, where you are never far from the water. Well-preserved medieval buildings stand alongside modern architecture. Stockholm is also home of the Nobel Prize. And just outside the city, the archipelago of 24 000 islands is waiting to be explored.

Stockholm is a city of contrasts – water and islands, history and innovation, small town and big city, short winter days and long, light summer nights – with a dazzling array of impressions. Thanks to the city’s compact size, you can see and do most things in a short space of time – which makes it a perfect destination for city breaks or longer stays, all the year round.

Experience Stockholm’s many contrasts
Discover a city of contrasts. Go back 750 years in time and feel the medieval atmosphere of the Old Town “Gamla Stan” as you wander through the narrow streets. Stockholm has got history – but also the latest in fashion and IT. The trendy Stockholmers are often used as a test market by international companies, as they are quick to pick up on the latest trends. This is most obvious on the island of Södermalm, a hotbed of fashion, young culture and entertainment.

Stockholm is one third water, one third green belt and one third city. The island of Djurgården, the world’s first National City Park, is only a short walk from the pulse of the inner city. Stockholmers and visitors alike come here to relax in the leafy shade and rest their eyes on green.

In Sweden, the seasons are another contrast. Light summer nights when the sun barely dips below the horizon and short, snowy winter days. Because the city changes with every season and there is always something special to do, Stockholm is worth visiting at any time of year.
